The Niagara Falls Education Foundation Inc.

Started in 2002, the Niagara Falls Education Foundation ensures athletic and educational programs are provided to students in the Niagara Falls City School District. Alumni and volunteers work throughout the year to raise funds to provide opportunities for our students and future leaders. Alumni and businesses support the Foundation through their personal and corporate contributions.

Since its inception, the Foundation has worked to support the students of the Niagara Falls City School District and to recognize excellence in the District's student body.

Each year, the Foundation hosts its annual Scholarship & Alumni Recognition Dinner, at which it recognizes extraordinary athletes and teams, inducting them into the District Athletic Hall of Fame, and awards scholarships.

With the generous support of our business community and alumni, the Foundation has awarded scholarships to 19 deserving individuals and has recognized 10 Distinguished Alumni and 11 Athletic Hall of Fame inductees.

In addition to individual benefactors, corporate sponsors also support the Foundation. Among them are Severson Environmental Services, Niagara Falls Memorial Medical Center, Cannon Design, LP Ciminelli Construction, Bundy's Auto Repair, Freed Maxick CPA, Mount St. Mary's Hospital, First Niagara Risk Management, Mark Cerrone, Inc., Capital Cleaners, Brown & Co. LLC, Antonio's, Reed Jenss, NFR, IBEW Local 237, George Optical, Cecconi's Chrysler, DiCamillo Bakery, RegalTip, Niagara Falls Firefighters, and the Como Restaurant, as well as Niagara County Community College, Niagara University and the Niagara Falls Teachers Union, to name a few.

All children need and deserve the chance to participate in fun, healthy, and safe activities during and after school. They also deserve to have the opportunity to further their learning beyond high school. Our vision is to enable all children to have these opportunities.
